July 2020

Dear Parent/Carer

As you will be aware, all of our Year 12 students will need a personal computer for their studies at Tring School. We are aware that many students already own a Chromebook or laptop and as Sixth Form students, we are more than happy for them to bring these in.

If your child does not own a device already, we are pleased to offer the Chromebook Scheme to our Sixth Form students. This will allow you to take advantage of the discounted Chromebooks we have been able to secure for the students at Tring School. We are offering (as part of the rollout for students lower down the school) the Asus C204 for £200.00 or the touchscreen Asus C214 for £290.00. This price includes warranty and the Google Management fee. Chromebooks purchased through the school are entitled to access the on site repairs service the school offers. For more information, please visit the school website and click on the Google link on the homepage.

Many of our leading universities and businesses are now using Google and Google Apps for Education. Therefore, the purchase of a Chromebook may be a good long term investment for your child, as they will be able to use it as they progress with their studies or into the world of work.

Those students entitled to support from the bursary fund will be given financial support to subsidise the cost of a Chromebook. If you would like further information regarding the bursary, please speak to our Finance Office (chromebookfinance@tringschool.org).

For safeguarding purposes, we need to monitor the students' devices whilst they are on the school site and connected to the school's WiFi. This is done through the internet connection so no software will need to be installed.

Please note that charging points and lockers are available in the Sixth Form Centre.

If you have further questions regarding Google Chromebooks, please email chromebooks@tringschool.org

Yours faithfully

Chris Lickfold
Assistant Headteacher
