

Publication Scheme

on information available under the Freedom of Information Act 2000

The Governing Body is responsible for maintenance of this scheme.

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (referred to as FOIA) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information, which is to be published in the future. All information in our publication scheme is either available on our website or from school.

Some information, which we hold, may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Aims and Objectives of Tring School

Live to Learn - Learn to Live

True to our motto, Tring School aims to create:

- * a tolerant community in which all feel
safe
supported
accepted and valued
- * an active community which provides equal opportunity for all
to be involved
to grow
to develop their ability to the full
- * a vibrant community which stimulates and encourages
a love of learning
self-discipline and mutual respect
pride in achievement
- * a developing community which recognises that

learning is lifelong
we are part of a wider community
each individual has a role to play.

We seek to achieve these aims by:

- offering broad and balanced educational, cultural and social experiences for the whole school community
- providing an orderly, secure and pleasant environment
- building successful partnerships through open and honest communication
- celebrating success and learning from failure.

and this publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

Governors' Documents - information published in the Governors' Annual Report and in other Governing Body documents.

Pupils & Curriculum - information about policies that relate to pupils and the school curriculum.

School Policies and other information related to the school - information about policies that relate to the school in general.
