Dear Parents/Carers

Go4Schools is the system that we use to enable you to review your child's progress, timetable, homework and behaviour information via a convenient online system. Please download the app for easy access and check regularly. .

If your child is new to Tring School you will need to follow the instructions below or [via this link](#).

First Time User Instructions

Enter your email address into the First-time User box – if your email address is correctly registered with our systems, you will receive an initial password which you can use to logon. If the email doesn't arrive within a couple of minutes, please check your Junk Mail folder then contact our support team jholstein@tringschool.org

If you receive a message that GO 4 Schools doesn't recognise your email address, please fill in the contact form [via this link](#), including the name of the student(s) you are parent/carer for so that we can update your email address on our school records.

When you receive the email with your password you can logon.

If you would like to change your password, please click on 'My Settings' in the top right hand corner. In the 'Change Your Password' area, enter the password you were sent by email in the top box. Enter your new password in the box below, confirm new password and click 'Change'.

The Go 4 Schools App is free for parents/students to download from the [Apple](#) and [Android App](#) stores, it uses the same login details (email address and password) as the web site.
