Dear Parent/Carer

## **GCSE Examination Course in Design and Technology Year 10 – Product Design**

In Product Design we are starting to prepare our Year 10 (currently Year 9) students for their Non-Examined Assessment and their theory paper in 2023.

We have incorporated four practical elements to give students greater freedom and choice in their projects and develop skills essential for the practical element next year.

We are asking parents to make a contribution of £25 towards these costs. A GCSE revision guide and workbook will also be included.

Please complete this [form](#) and pay your contribution via Wisepay by 10 September 2021.

Thank you for your continued support.

Yours faithfully

Danielle Corney  
Assistant Subject Leader, Teacher of Product Design
